

Benefits Programs for the Franchise Industry

Pooled Benefits Programs

Our affordable programs balance quality coverage with stable rates, effectively eliminating volatility common to most benefits plans for groups of 3 - 20+, with special features for the Franchise industry.

Why Pooling?

We use a “true insurance” approach towards benefits with a spread of risk across many clients, essentially transferring risk to the pool, delivering the rate stability clients expect.

Better Benefits

- **Essentials Program** - most affordable
- **Lifestyle Program** - enhanced coverage

2 programs - 10 Options
